INTRO

About me

18 years of experience working with web technologies - developing blogs, ecommerce, SaaS, mobile apps, API's, and integration tools. I'm intuitive, reliable, resourceful, optimistic, and can lead. Being self-taught means I'm a self-starter, I believe there's solution for every problem. I've worked with startups, mid-sized

companies, and large enterprises, and can adapt to different environments easily and effectively.

SKILLS

Most often used

01 FRAMEWORKS/LIBS

Ruby on Rails, Express, Angular, ReactJS, React Native, Vue, MEAN Stack, GRAND Stack.

02 LANGUAGES

Shell, Ruby, JavaScript (Browser + Node.js), TypeScript, HTML, CSS, SASS, CSS, HTML

03 DATABASES

PostgreSQL, MongoDB, Neo4j

04 VERSION CONTROL

Git, Github, Atlassian Bitbucket

05 PAAS

Amazon Web Services, Google Firebase, Microsoft Azure, Digital Ocean, Heroku, GrapheneDB

06 LEADERSHIP

Encourage, Remove blockages, Reach low hanging fruit, Whiteboarding, Verbal Processing

EXPERIENCE

Places I've impacted

Oct 2021 – March 2023

SENTRAL (BHI-RESIDENTIAL)

Director of Engineering

Denver, CO

https://sentral.com

"The convenience, connection, and comfort of home—amplified. Stay a night, a month, or a year in designer apartment communities that redefine home." Sentral offers Flexible Leases for long-term or short stays. I lead cloud infrastrcutre and deployments and managed frontend and backend developers on the engineering team to build Sentral apps.

May 2016 – Present

INDIGO SLATE

Director of Solutions Architecture

(April 2018 – Present)

Senior Software Developer

(May 2016 – April 2018)

Bellevue, WA

https://www.indigoslate.com

https://vimeo.com/215237513

Lead development and deployment on the world's first Human Experience Innovation platform (**https://ruptive.cx**) which was designed to ignite the creation of dynamic personas, hard-to-forget experiences, and a culture of innovation.

Other Projects

Human Experience Index
Survey platform that captures different aspects of company maturity in achieving Human Experience Innovation (Mindset, Strategy, Innovation, Outside-In, Human Capital, Capabilities, and Business Insights)

CX Assessment
Customer Experience Assessment Tools featuring maturity assessment, VoC dashboard, customer-ready surveys, and Go To Market Bullseye
https://mycxassessment.com

Maximum Uptime
SVG/JavaScript game showcasing HA on Azure at Microsoft Ignite. The game was deployed as a Docker container with scaling/orchestration handled by DCOS & Marathon on an Azure server cluster.
https://twitter.com/hashtag/maxuptimecontest

Pinball Lizard
Azure Pinball Lizard Video

Oct 2016 – Nov 2017

NEXME

Software Developer & CTO

Bellevue, WA

https://nexme.com

Real-Estate on Demand. NEXME allows you to request an agent to see a home immediately & purchase without negotiating commision. I started out developing API's until I saw a need for vision and was eventually invited to take the reins in leading the tech side. https://nexme.com

Apr 2013 – Dec 2015

OVERLAKE HOSPITAL MEDICAL CENTER

PC Analyst, Information Services

Bellevue, WA

https://www.overlakehospital.org

IT Support, remote reimaging of devices, troubleshooting with doctors & nurses, break-fix, monitoring server rooms, checking on the ER frequesntly. Everything you'd expect working hands on with computers in a Hosptial environemnt :). This role wasn't just about tech, it was about people, making sure people were confident and had the tools they needed to do their jobs well.

PERSONAL ENDEAVOURS

Fun with friends

CONDUIT, INC

https://conduitcomputing.com/

Prototype serverless-compute software backed by university super computers that aren't normally commercially accessible.
